

INDIA-BASED SOURCING | CANADIAN MARKET EXPERIENCE

Your India Sourcing Partner

Supplier identification, quality verification, OEM/private-label packaging and export coordination from India for B2B buyers.

What we do	How buyers use EGT
Source suitable Indian supply options, coordinate product and packaging requirements, support verification checkpoints and organise export documentation needs.	Send product, quantity, destination, packaging and Incoterm requirements. EGT then structures the sourcing and quotation process around that commercial brief.

Core Sourcing Areas

Cleaning & Hygiene	Commercial and retail cleaning liquids, car care and related hygiene products.
Textile & Wiping Materials	Cotton wiping rags, cleaning cloth and selected textile requirements.
Packaging & Industrial Supplies	Bulk packaging, consumables and buyer-specified sourcing support.
Agriculture & Commodities	Selected agri and bulk products subject to season, grade and destination.
Custom Sourcing	Requirements outside the core groups can be evaluated case by case.

Buyer Confidence & Verification

Business verification • Product capability review • Sample / specification evaluation • Pre-dispatch quality checkpoints • Packaging and documentation checks

From Requirement to Shipment

1. Requirement Product, quantity, specification, packaging and destination.	2. Supplier Match Suitable supply options identified and screened.
3. Quote Commercial terms aligned to product and trade requirement.	4. Sample Sample or specification approval where applicable.
5. Quality Check Agreed order checkpoints before dispatch.	6. Packaging / OEM Standard or private-label packing coordinated.
7. Documentation Commercial and shipment documents organised.	8. Shipment Dispatch and logistics information shared with buyer.

OEM & Private Label

For eligible products, private-label artwork, pack size, labeling, carton configuration and buyer-specific packaging can be coordinated subject to supplier capability and MOQ.

Trade Information Collected at RFQ Stage

Product • Quantity • Packaging • Private Label • Destination Country / Port • Target Incoterm (EXW / FOB / CIF) • Sample Requirement • Uploaded Specification
